# Choosing your destination

Deciding where to study abroad is a big decision – and so is deciding where to live. There is a lot of destination diversity across North America, and the table below will help you better understand our campus' locations.

## Chat to students

Want to ask a student about our destinations? The majority of our colleges/campuses have a team of student ambassadors who are available online to answer questions. Check individual websites for details.

Destination	College/Campus	Population (approx.)	Average Temperature	What makes it special?
Vancouver, British Columbia, Canada	Fraser International College	2,683,000	Spring 6 to 13°, Summer 13 to 21°, Fall 8 to 14°, Winter 3 to 7°	#1 for Quality of Living 2024 in North America

Waterloo, Ontario Canada	Wilfrid Laurier International College	132,519	Spring 2 to 12°, Summer 14 to 26°, Fall 9 to 15°, Winter -8 to 0°	McLennan Park is considered one of Canada's best bike parks
Toronto, Ontario Canada	Toronto Metropolitan University International College	6,372,000	Spring 4 to 12°, Summer 17 to 26°, Fall 8 to 15°, Winter -5 to 1°	Canada's largest city and the 4th largest in North America
New York, New York, USA	Queens College, City University of New York	18,937,000	Spring 8 to 16°, Summer 20 to 29°, Fall 11 to 18°, Winter -1 to 6°	Most linguistically diverse city in the US – over 800 languages spoken

# Fraser International College

## Your pathway to Simon Fraser University

### Why study at Fraser International College?

#### Highly ranked education

Earn a degree from the #1 comprehensive university in all of Canada, Simon Fraser University.

#### Study and live in a top-tier city

Vancouver is consistently ranked as one of the most liveable cities in the world.

#### Build your experience

SFU has one of the largest co-op programs in North America and expands across all academic disciplines.

#### Find your focus

SFU offers over 100 distinct programs across eight faculties; you can even combine programs to create a degree that reflects your unique interests.

#### Change matters

You are the driving force for change and we want to support your journey through FIC's specialized advising and university designed programs that will help you transfer to second year of your degree at SFU.

### Top five things to do in Vancouver

#### Gastown

Vancouver's oldest neighbourhood, with cobblestone streets, heritage buildings and the famous Gastown Steam Clock.

#### Stanley Park

The 1,000-acre park provides a green escape from the urban settings and is brimming with activities year-round.

#### Capilano Suspension Bridge Park

Overcome your fear of heights in style, take a walk on 140 meter high Capilano Suspension Bridge.

#### Richmond Night Market

The largest night market in North America, the Richmond Night Market will give you a taste of Asia's famed night markets.

#### Vancouver Whale Watch

Fly 35-minutes from Vancouver to Victoria by seaplane and search for Orcas on a whale watching cruise on Haro Strait.

CANADA

"The FIC community gives you the sense of home and of a new family. FIC has given me a sense of security for my future studies at Simon Fraser University. I have also met new friends and have had experiences that will last forever. You not only learn academic things, you get to know different cultures and people that will teach you things that cannot be taught in the classroom—knowledge that will, for sure, make you a better person."

#1 Friendliest City in the World  
cntraveller.com, 2023

Calgary is the third most diverse city in Canada

95% Graduate Employment Rate

## Feature degree: Business Administration

As a computer science major at the Dhillon School of Business, you'll be able to pursue your passions in the in-demand area of business and technology, giving you a variety of options after graduation. While you explore key principles of programming, data and software development, you'll also be learning the important skills needed to either manage organizations or branch out as an entrepreneur.

Many of our students also enrol in co-operative education while at the Dhillon School of Business. Co-op allows you to get paid work experience before you graduate and can even help you land a job immediately after graduation.

*"My experience at UICC has been very good. From day one, I felt comfortable with the university, meeting people and the UICC staff. What I really like is that the staff is always seeking to help and they make sure you are comfortable with your studies. Calgary has many activities to do and it's the right size for me to focus on my studies, I really enjoy living here. I have really enjoyed meeting students from all over the world, there are many cultures represented here I have learned from and I have made many new friends."*

# International College of Manitoba

Make the Smarter Move

## Why study at the International College of Manitoba (ICM)?

Your pathway to the University of Manitoba (UM) Earning an internationally recognized degree from a top-15 Canadian university has never been more within reach.

### The value is real

With some of the lowest tuition costs in the country, coupled with Manitoba's high affordability and strong employment market, UM graduates find themselves thriving in their career of choice faster than others.

### Let UM launch your global career

UM's Co-operative Education (Co-op) Program gains students exposure to Manitoba's diverse and stable economy, combining classroom knowledge with practical paid work experience.

### Supporting your success

ICM students have advantages like no other — we will provide you with support and resources from faculty, staff, and peers in a customized learning environment to fully prepare you for academic studies at UM.

### It all starts here

UM graduates can have the opportunity to apply for a post-graduation work permit after their degree, and later permanent residency through Manitoba's Provincial Nominee Program.

## Top three things to do in Winnipeg

### Canadian Museum for Human Rights

The largest national museum outside of Canada's capital is a unique exploration of the importance of human rights and a stunning architectural icon.

### The Forks Market

This buzzing indoor market is the place to be year-round. Grab a drink and some fare and cozy up with friends in the massive Forks Commons which also extends outside in the warmer months. In winter, rent some ice skates and glide along one of the longest naturally frozen skating trails on the nearby rivers.

### Winnipeg Art Gallery

The gallery features Qaumajuq, home of the largest public collection of contemporary Inuit art in the world, and a key reason why Winnipeg was named one of the World's 100 Greatest Places in 2021 by TIME.

## Programs Offered

- Foundation (UTP Stage I)
- International Year One (UTP Stage II)
  - Agricultural and Food Sciences
  - Arts
  - Business
  - Engineering
  - Environment, Earth, and Resources
  - Recreation Management and Community Development
  - Science

Winnipeg is Canada's #2 most livable city for young professionals

Globe & Mail, 2023

UM received over \$450 million in research grants from the Bill & Melinda Gates Foundation, the most in Canada

UM Today News, 2024

3 Nobel Prize winners are UM alumni

## Feature degree: Faculty of Agricultural and Food Sciences

One in eight Canadian jobs are in the agricultural and food sectors, from financial officers to research scientists, animal geneticists to registered dieticians, and more. With four jobs available for every one post-secondary graduate in agriculture and food, graduates are not only in high demand - they are helping to nourish the world without costing the earth by developing sustainable agricultural practices, exploring renewable bio-resources and innovating to make our food safer and healthier.

"I chose to study at ICM and UM because of their multicultural society and the quality of education they provide. I've met people from different parts of the world which helped me to broaden my views, ideas and knowledge while receiving the best education."

**Hilda, Tanzania**  
ICM Alumni

# Wilfrid Laurier International College

Inspiring Lives of Leadership and Purpose.

## Why study at Wilfrid Laurier International College?

### Career focused degrees

Choose from programs with high market demand like Computer Science, Data Science UXD, Psychology, Game Design or Pure Science.

### Program flexibility

Design a degree that suits you. Add minors, concentrations and electives to go above and beyond.

### Fantastic community

Warm, friendly, affordable city - ranked second safest in Canada. Close to Toronto without all the traffic.

### Guaranteed Residence housing

Have the full North American University experience by living in residence. Make new friends; join the residence community and love where you live.

## Four things to do in Waterloo

### Chill out in Uptown Waterloo

Explore the trendy shops and cafés, visit art galleries and museums, then relax at a coffee shop or discover your new favourite restaurant. With over 400 specialized cafés, boutiques, and shops, there's plenty to explore.

### Get your festival on.

The Waterloo region boasts an amazing arts and culture scene, hosting the largest Oktoberfest celebration outside Munich. Summer brings the Jazz, Blues, and Busker Festivals, while winter features holiday markets and Winterloo.

### Ski Chicopee

Chicopee Ski & Summer Resort offers year-round fun for skiers and snowboarders in winter. In summer, mountain bikers can explore the trail network on Chicopee's 165-acre property or join their beach volleyball league.

### Enjoy the city

Ice skate in the winter or canoe the Grand River in summer. Join an intramural sports league, catch a band, or solve an escape room. Visit a lion at the African Safari Park or race friends on the go-kart track. With so much to do, you'll never run out of places to explore in Waterloo.

CANADA

## Programs Offered

- Foundation (UTP Stage I)
- International Year One (UTP Stage II)
  - Arts
  - Business and Economics
  - Human and Social Sciences
  - Liberal Arts
  - Science

### Highly sought after programs:

- Biology
- Computer Science
- Data Science
- Neuroscience
- Psychology
- User Experience Design

### Fast track your Foundation program:

Foundation (UTP Stage I) students who score 70% in all for courses in their first term can "jump" to International Year One (UTP Stage II) after just one term. This means they can complete foundation and first year in as little as 16 months.
