# THE KEY TO UNDERGRADUATE EDUCATION IN GERMANY

You would like to study in Germany, but do not currently have a university entrance qualification? Then you have the opportunity to earn this qualification by participating in a foundation course and passing a university entrance exam.

Prep4University offers a foundation course (known as a “Studienkolleg” in German) that prepares students for their future degree studies at CBS or another German university.

## Contents of the W-Course

- The Fundamentals of Economics
- English for Academic Purposes
- Mathematics for Business Studies
- German as a Foreign Language

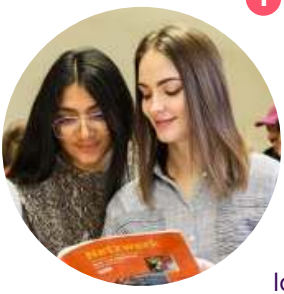

## Contents of the T-Course

- Physics
- Chemistry
- Mathematics
- English for Academic Purposes
- German as a Foreign Language (voluntary)

The Studienkolleg Prep4University course lasts two semesters. During the course, you’ll be intensively prepared for the university entrance qualification exam by our highly qualified and experienced teachers. We will discuss your learning progress in regular feedback sessions and offer further assistance as is needed.

Students have the chance to get used to the examination format by taking practice tests and mock examinations throughout the year.
