37 nationalities represented

10 years of excellence

Our Mission

We strive to help our students realise their intellectual and creative ambitions and stretch their abilities in our **pre-university environment**. We provide a pathway to the leading universities across the globe and prepare our students for the ever-changing world. With critical thinking at the heart of our curricula, we **nurture student agency**, encourage dialogue, and follow an interdisciplinary approach to develop in our pupils **a lifelong passion for learning**.

Academics

We offer **IGCSEs** and **A Levels** alongside **Akademeia Assessed Courses**, which supplement and go beyond the prescribed UK Examination Boards' curricula. In Year 9 students take Akademeia Assessed Courses, and in Years 10 and 11 they additionally take IGCSEs subjects. All students work towards A Level exams in Years 12 and 13.

Entry Points

Year 9: Joining Akademeia High School in Year 9 for our foundation year offers numerous advantages, from early integration and personalised learning to enrichment opportunities and preparation for academic success.

Year 10: Our most popular entry route, providing students will the opportunity to supplement their A Levels with a full suite of IGCSEs over a four-year high school programme. Students will take all core subjects and may supplement this with one creative subject which will continue in Year 11.

Year 11 (pre-A): Pre-A is a one-year preparatory programme for A Levels that develops students' analytical and critical thinking skills within their areas of interest and strength. The curriculum consists of five core subjects and two academic pathways, providing the opportunity for students to set themselves up for their most critical school years.

Year 12: Our two-year A Level programme aims to unlock the enormous benefits of A Levels to the widest range of learners imaginable. Students choose three or four A Levels to study, which provide the gold standard for them to go on and enter the world's finest universities.

A Levels Offered

Students select **three or four** A Level subjects. All students in Year 12 take Academic Writing as an additional subject. They may also choose to pursue the Extended Project Qualification (EPQ), which is equivalent to 50% of an A Level.

Biology	Fine Art	History of Art	Physics
Chemistry	French	Mathematics	Politics
Chinese	Further Mathematics	Media Studies [▲]	Polish [▣]
Drama	Geography	Music [▲]	Psychology
Economics	German	Philosophy [▲]	Russian
English Literature	History	Photography	Sociology
			Spanish

▣ All Polish citizens take Polish as an additional A Level.

▲ The subject will only run if there is a sufficient number of students wishing to take it.

Co-Curricular Activities

AHS offers **over 50 co-curricular activities** and clubs every term, often at different levels, allowing students to try new things or further practice existing skills. The range of activities reflects the **multidisciplinary interests** and expertise of the faculty and includes courses such as:

The Musical	FIRST LEGO League Challenge	Engineering Club
Poetry Club	Introduction to Business Management	School Without Borders
F1 Racing Club	Numerical Computing & Data Analysis	Filmmaking Club
Pre-Med Club	Feminist History of Music and Art	Model United Nations
Book Club	European Space Agency CanSat Competition	British Biology Olympiad
Music Band	Wharton High School Investment Competition	Debating & Public Speaking
Chess Club	The Akademeia Post: School Newspaper	Volunteering Club

and Sport Clubs including:

Football	Basketball	Volleyball	Badminton
Running	Yoga Theory	Figure Skating	Table Tennis

Personal Development Scheme

The Personal Development Scheme provides students with an opportunity for **self-discovery** and **personal development** with specific projects undertaken in Fifth Form and Sixth Form. The scheme consists of **extracurricular** experiences that help develop the confidence and social skills that will serve our students well in later life and enrich their university applications.
