Methods of Assessment

As with all doctoral programmes the key assessment output is a thesis and the two taught modules are focused on providing the students with the opportunity to explore their chosen specialised area of research and preparing them to complete the thesis. There is therefore relatively limited variation in assessment methods – all modules are largely assessed by classic 'academic writing exercises', such as research project and a pilot study report. Oral presentations are included as formative assessment method and aim to support students in developing their ability to articulate and defend their research at viva voce.

Criteria for Admission to the Programme

The DBA is designed for people who have achieved or expect to achieve, senior organisational positions and/or who wish to enhance their analytical and research skills and knowledge. Applicants should have a Master's Degree awarded in a subject related to Business and/or Management (for example MBA, MSc Project Management, MA HRM, MSc Engineering Management, MSc Oil & Gas Management), together with a minimum of three years' managerial experience. The applicants will be asked to send a short research proposal.

Entry Requirements

- Minimum Bachelor's Degree at 2.75 GPA on 4.0 scale ^
- Minimum GMAT overall score at 450; OR Minimum GRE overall score at 300 ^^
- Other Requirements:
  - Submit a 500-word personal statement
  - Current Resume

^ Students are eligible to submit proof of a bachelor's degree from any country and a third-party credential evaluation is not necessary. For every prospective graduate student, the UCO Graduate College will review the bachelor's degree transcript and convert the grade of each individual subject into an equivalent subject score at the University of Central Oklahoma (UCO). Those subject scores are then used to calculate an overall degree GPA on a 4.0 scale at UCO. This UCO GPA will be the GPA used in the admission decision. If trying to gauge a rough equivalent of the approximate qualification of a student coming from the British system, a student with a UK Bachelor's degree that has achieved Second Class Honours Lower Division (or Bachelor (Hons) Degree at 2:2) would likely be meeting the UCO GPA standard.

^^ Candidates without a relevant GRE / GMAT score may also be considered on the basis of passing in the virtual interview conducted by the UCO College of Business along with the other admission requirements. UCO recommends applicants to have 2-3 years industry working experience.
