University of Roehampton London

TEESSIDE UNIVERSITY, UNITED KINGDOM

Teesside University is a dynamic and modern institution, based in the north east of England, generating and applying knowledge that contributes to the economic, social and cultural success of students, partners and the communities we serve. We are an ambitious and enterprising university for a focused and pragmatic global new generation. We provide real opportunities and support to realise potential on a campus fit for the future and around the world. From developing an innovative and informed curriculum, tailored to industry, to addressing societal challenges on a global scale through inter-disciplinary research, the University's work is always relevant and purpose driven. Through education enriched by research, innovation and engagement with business and the professions, we transform lives and economies.

Teesside University

UNIVERSITY OF ROEHAMPTON, UNITED KINGDOM

At the University of Roehampton, we change lives by helping our students to develop the confidence, knowledge and adaptability they need for a successful career and fulfilling life.

We are a supportive, close-knit and inclusive community where anyone can fit in and feel inspired to do their best. We have a proud history in education stretching back 180 years.

Our values of community, engagement and partnership are built on this rich history, with a belief that regardless of their background, we can help all our students realise their ambitions. We are dedicated to introducing new opportunities for students to learn in different ways.

PURSUE YOUR PSYCHOLOGY COURSE WITH MDIS

Social Science courses in Singapore are instrumental to crucial fields that are driving societal progress. Amid significant global shifts such as the 2020 pandemic, the importance to comprehend social dynamics, enhance public health and the need to provide Social Science courses in Singapore has risen. The Singapore government's proactive initiatives, including the National Mental Health and Well-being Blueprint, highlight the country's commitment to strengthening community welfare and resilience through comprehensive social support systems.

Earning a Social Science Bachelor Degree in Singapore from MDIS presents you with diverse and impactful career paths. Whether you're shaping public policy, conducting vital social research or leading community development initiatives, graduates play pivotal roles in addressing contemporary challenges.

PROGRAMME OBJECTIVES

The Master of Science in Health Psychology and Clinical Skills programme offered by Teeside University in partnership with MDIS is designed to take prospective graduates nearer to achieving their ambition. This programme is developed to take both current and future psychologists keen on advancing their prospects in the field of behavioural medicine steps nearer to achieving their ambition of living an unlimted: from ordinary to milestone success.

The overall aims of the programme are to:

- Provide students with knowledge of how Health Psychology can be effectively employed to facilitate and protect health in a variety of situations;
- Develop students' ability to apply psychological knowledge and to discuss how to effect change and suggest alternatives in health care provision;
- Stimulate students' ability to critically evaluate the nature and practice of research in Health Psychology and to demonstrate that healthcare development must be informed by research;
- Enable students to develop their research, according to ethics codes of practice, which can inform the delivery of health care services;
- Guide students in their experience of how to integrate the knowledge, understanding and skills gained in their programme of studies to facilitate their development as reflective Health Psychology practitioners;
- Stimulate students' ability to understand and demonstrate the theory and practice of clinical skills relevant to Health Psychology; and
- Provide students with the necessary qualifications for the first stage of their professional development as chartered psychologists within the Health and Care Professionals Council, United Kingdom guidelines.

Teesside University

BACHELOR OF SCIENCE (HONS) IN PSYCHOLOGICAL AND BEHAVIOURAL SCIENCE

PROGRAMME OBJECTIVES

This Bachelor of Science (Honours) in Psychological and Behavioural Science programme will provide students with in-depth understanding of the human mind and behaviour. Alongside the study of the core areas of psychology (cognitive, biological, social and developmental psychology; individual differences; conceptual and historical issues in psychology; research methods) students will explore applied areas of psychology such as Forensic and Health. In addition to this, it provides students opportunities to develop academic and transferable skills preparing them for life after graduation and academic challenges.

The programme is designed to extend students' knowledge of psychology and related fields and further develop their capabilities and skills to apply critical thinking to complex, real-world problems. Throughout the programme students are exposed to a variety of research methodologies and statistical techniques that enhances their awareness of the link between theory and research, fosters critical evaluation and enables them to conduct independent, rigorous and ethical research. It endeavours to provide students with an understanding of real-life applications of theory and, by utilising a variety of assessment procedures as well as providing graduates with a range of transferable skills. Ultimately, through the depth and breadth of its curriculum, the programme aims to interest, involve and empower its diverse cohort of students and to enable them to reach their full potential.

Modules

Year 1
- Mind, Body and Brain (1)
- Social and Developmental Psychology (1)
- Introduction to Research Methods in Psychology
- Research Methods and Statistics (1)
- Psychology in the Real World
- Psychological Problem Solving

Year 2
- Mind, Body and Brain (2)
- Social and Developmental Psychology (2)
- Individual Differences and Psychometric Research
- Research Methods and Statistics (2)
- Understanding Mental Health
- Perspectives in Consciousness

Year 3
- Extended Research Project
- Criminal and Forensic Psychology
- Communication and Social Interaction
- Health Psychology
- Cognition and Emotion

INTERNATIONAL FOUNDATION DIPLOMA IN SCIENCE, TECHNOLOGY, ENGINEERING, MATHEMATICS AND ART

PROGRAMME OBJECTIVES

International Foundation Diploma (IFD) in Science, Technology, Engineering, Mathematics and Art aims to prepare students for transition into degree-level study, by equipping them with the fundamental skills and knowledge needed to be successful in the International Foundation Diploma's subjects. This programme creates an alternative progression route into globally recognised External Degree Programmes (EDPs) across MDIS, allowing entry to students who do not hold the qualifications to satisfy the usual entry requirements.

On successful completion of the course, the students will be able to:

- Understand the strategies and techniques to support continued undergraduate study [Knowledge]
- Demonstrate knowledge and understanding of concepts and applications in subject areas relevant to their intended progression route [Intellectual Skills]
- Apply subject specific knowledge and theory to tackle simulated problems and case studies in areas of relevance to their chosen degree programme [Intellectual Skills]
- Search, disseminate and acknowledge a variety of sources of information [Practical Skills]
- Carry out practical work accurately, precisely and in accordance with health and safety procedures [Practical Skills]
- Communicate effectively in oral and writing for different audiences [Generic Skills]

Modules

Core:
- Academic & Research Writing Skills
- Effective Communication and Presentation Skills
- Capstone Project

Elective (I):
- Marketing, Advertising & Promotions
- Behavioural Models in Psychology

MDIS
Management Development Institute of Singapore

Founded in 1956, the Management Development Institute of Singapore (MDIS) is one of Singapore's oldest not-for-profit professional institutes for lifelong learning. MDIS has two main subsidiaries: Management Development Institute of Singapore Pte Ltd which oversees its Singapore academic operations and MDIS International Pte Ltd which focuses on MDIS' globalisation strategy.

MDIS offers internationally-accredited courses in Business and Management, Engineering, Fashion and Design, Health and Nursing, Information Technology, Languages and Education, Life Sciences, Media and Communications, Psychology, Tourism and Hospitality Management and Safety and Environmental Management. These programmes are offered in collaboration with renowned universities in the United Kingdom and the United States of America. MDIS also has set a proven track record of preparing students to excel in the Singapore-Cambridge General Certificate of Education (Ordinary and Advanced Level), Cambridge International General Certificate of Secondary Education (IGCSE) and Cambridge International Lower Secondary, through its comprehensive preparatory courses.

MDIS is EduTrust certified, attesting to its exemplary education and business excellence standards. The institute was first awarded the certification in 2010 – subsequently renewed it for four years in 2014, 2018 and 2023. MDIS was also one of the first Private Education Institutions (PEIs) to be registered under the Enhanced Registration Framework.

Equally vested in corporate-level training, MDIS' corporate training arm, the Management Development and Consultancy, was set up in 1995 to cater to the training needs of the workforce. In 2014, MDIS acquired the Service Quality Centre to diversify its offerings in training solutions – in its endeavour to be a premium provider of training solutions in the region.

Apart from the main Singapore campus, MDIS has international campuses in Tashkent, Uzbekistan, Johor, Malaysia, as well as Dushanbe, Tajikistan. MDIS also has representative offices in India and Indonesia, as well as agents throughout Southeast Asia.
